

How to Find Us

To get to our office, walk North from Old Street Station up City road. Turn off right down the cobbled road called Westland place, then head left and right, and you'll be with us in a few minutes.

We're continuing to do lateral flow tests to ensure staff safety and to avoid having to wear masks in the office – but are happy to wear masks in meetings should any attendees prefer we do so.

We encourage guests to use the hand sanitizers in the communal areas on your way up to our office or wash hands immediately upon entry. Washrooms and refreshment facilities are available on site, alongside a prayer room should you wish to use it.
